

| TIME OF PRESENTATION | | 26/11/2021: 09h30- 12h30 (FR) 14h00- 17h00 (IN) | | | |
|----------------------|--------------|--|-------------------------------|---|---|
| French Time | Indian Time | Artificial Intelligence for Healthcare | | | |
| 9:30-9:40 | 14:00-14:10 | Introduction by Workshop chairs | Yann Busnel and Nikhil R. Pal | | |
| 9:40-9:55 | 14:10- 14:25 | Transdisciplinary initiatives for ecosystem phenomics and precision integrative medicine with focus in the Thar eco-region | Mitali Mukerji | Professor and Head, Department of Bioscience & Bioengineering | Indian Institute of Technology (IIT), Jodhpur |
| 9:55-10:10 | 14:25-14:40 | To be announced | Yann Le Cunff | Ass. Prof. | Université rennes 1 / IRISA |
| 10:10-10:25 | 14:40-14:55 | Gene expression-based inference of cancer drug resistance | Debarka Sengupta | Associate Professor, Computational Biology, | Indraprastha Institute of Information Technology (IIIT), Delhi |
| 10:25-10:45 | 14:55-15:15 | Questions to the speakers from panelists and the general audience | | | |
| 10:45-11:00 | 15:15-15:30 | Brain Computer Interfaces in Neurorehabilitation | Subasree Ramakrishnan | Additional Professor, Dept. of Neurology | National Institute of Mental health and Neurosciences (NIMHANS) |
| 11:00-11:15 | 15:30-15:45 | Breast cancer screening with thermal imaging and AI. | Akash Narayana | Senior Data Scientist | Niramai Health Analytix |
| 11:15-11:30 | 15:45-16:00 | Questions to the speakers from panelists and the general audience | | | |
| 11:30-11:50 | 16:00-16:20 | Three example of decision support systems. Outputs of my PR[AI]RIE researches | Stéphanie Allasonnière | Prof. | PRAIRIE, University of Paris |
| 11:50-12:30 | 16:20-17:00 | General discussion by the panelists on the workshop's perspectives / elaboration of the conclusions | | | |
